Danny reported that the Newsletter had been sent out and a press release had been issued.

The board affirmed that the correct name for the change is "Nevada County Depot & Museum".

Our move back is beginning with looking in to the telephone line and security system. The furnaces are working. We have not repaired the broken window or had any sighs put up as of yet. Danny and Eddie will be working on pulling wire and hooking up computer stations.

**New business:**

Danny announced that after we file our name change, Congress Ross's office will get our IRS file for us.

Several candidates applied for the Curator position and it was agreed to contact Bryan McDade for an interview, with the interview to be held Sunday, January 12, 2003. We still have not come up with a policy for our "community room". By unanimous vote, we designated the building as a non-smoking facility.

It was decided to put internet service on a later agenda. And to have Bill Taylor make plans for an audited financial statement for future grant applications.

With no further business the meeting was adjourned at 4:30.
